WELCOME TO OPATIJA, CROATIA, TO THE 8th CONFERENCE ON KINESIOLOGY

Dear Friends and Colleagues,

On behalf of the host, the Faculty of Kinesiology, University of Zagreb, Croatia, and the Conference Organizing Committee, with great pleasure we announce the upcoming 8th International Scientific Conference on Kinesiology to be held in Opatija, Croatia, on 10-14 May, 2017, under the auspices of the Croatian Academy of Sciences and Arts.

This time the conference is celebrating the 20th anniversary which will be the opportunity to look back on the development of kinesiology and to set new goals for the future.

Invited lectures, Poster presentations, Satellite symposiums, Workshops, Exhibitions and a joint meeting of the international Editorial and Advisory Board of the International Journal Kinesiology are planned in the Conference Program. The social program and less formal events will not be forgotten either.

*Looking forward to welcoming
you at the Conference in Opatija,
Croatia, in May 2017.*

AIM

To provide a forum for the latest research, theoretical and applicative insights, findings and experiences from the vast field of kinesiology, the science of human movement and exercise. A presentation of the latest information is expected from the basic principles to practical applications, especially reports on new scientific breakthroughs such as the human genome investigations, application of new technologies, revised educational concepts and, above all, the urgent need to find more effective and appealing ways of health preservation and well-being enhancement by means of sport and exercise against the ever increasing deteriorating influence of sedentariness and the aggressive hectic modern way of living.

PARTICIPANTS

Kinesiologists (or sport scientists) – from academia, researchers, lecturers to practitioners, like PE teachers, coaches, physicians (esp. specialists of sports medicine), physiotherapists and others, as well as postgraduate students and experts from cognate and adjacent scientific fields from all over the world. The presentation of the latest information is expected in podium and poster presentations. Each author is free to take approach he/she wants within the scope of the announced Conference topics.

Papers will go through international peer review and will be published in Proceedings Book.
