E-learning

Possibilities of substitute teaching during the period of validity of special restrictions according to the Government and Rector of Charles University regulations (see 1, 2).
- All classrooms in faculty building A are equipped with the necessary hardware.
- Informing students and publishing links to live broadcasts or records of the lessons takes place via an electronic timetable application (http://rozvrh.lf3.cuni.cz)
- Updated study materials are inserted into the Teaching application (http://vyuka.lf3.cuni.cz)

Streaming YouTube Live
- Online live frontal lessons using the faculty's YouTube Live channel and OBS Studio.
- more information:
    - http://napoveda.lf3.cuni.cz/slug/youtube-live-obs
    - https://youtu.be/Lf5AhU3HsR8

Adobe Connect webinars
- A tool designed for webinars and seminars with a high degree of interaction with students (max. 25 participants recommended). Not suitable for frontal teaching - lectures and seminars with low, respectively. moderate interaction with students.
- More information:
    - https://dl.cuni.cz/adobe-connect/
    - http://napoveda.lf3.cuni.cz/slug/adobe-connect

Meet Third Faculty of Medicine
- A new direct communication platform for conducting seminars with direct (voice) communication with students, screen sharing and discussion.
- Simple start / start with one click from the electronic schedule application.
- more information:
    - http://napoveda.lf3.cuni.cz/slug/meet-lf3-cuni-cz

Recording lecture using OBS Studio
- The lecture can be recorded into a video file using OBS Studio (see Streaming YouTube Live), the created video file will be placed on the UK (Charles University) streaming servers (http://stream.cuni.cz).

Commented PowerPoint presentations
- https://support.office.com/en-us/article/vytvo%C5%99en%C3%AD-videa-z-prezentace-c140551f-cb37-4818-b5d4-3e30815c3e83

Moodle
- Moodle is a portal for creating educational systems and electronic courses on the Internet.
- more information:
    - https://dl.cuni.cz/
    - https://dl.cuni.cz/mame-nove-navody/
- The RUK e-Learning Support Center offers the opportunity to participate in an online webinar in Adobe Connect, familiarizing itself with the basic features of Moodle - **"Moodle for Beginners" - Wednesday 18 March from 10:00 to 12:00.**
- The webinar will take place in the Adobe Connect conference room at: https://el.lf1.cuni.cz/moodle-standard-schooling
- more information - https://dl.cuni.cz/webinar-moodle-pro-zacatecniky/

Sending teaching videos for processing
- Videos of the lessons created using OBS Studio can be sent for processing and publication on the Charles University's streaming servers.
- A separate password-protected page for uploading large files will be created on request (vypocetni@lf3.cuni.cz).

- After processing and saving the video on the Charles University streaming servers, the author will be informed and given a link to the published video, which the author can then use at his own discretion in the "record of teaching" section of the electronic timetable or as a link to study material in the application.
