RESOLUTION
OF THE GOVERNMENT OF THE CZECH REPUBLIC

of 15 March 2020 no.

to ensure the provision of healthcare services by healthcare providers and to secure the activities of public health protection bodies for the duration of the state of emergency

In connection with government resolution no. 194 of 12 March 2020, through which the government, in accordance with art. 5 and 6 of constitutional act no. 110/1998 Coll., on the security of the Czech Republic, declared, due to the threat to health in connection with the establishment of the occurrence of the coronavirus, designated as SARS CoV-2, declared a state of emergency on the territory of the Czech Republic, and pursuant to Section 5 a) to e) of Act no. 240/2000 Coll., on crisis management and amending some acts (the Crisis Act), as amended, for the resolution of crisis situations, has decided to adopt crisis measures pursuant to Section 6 (1) c) of the Crisis Act

The government

orders the following:

1. in order to secure the provision of healthcare services by healthcare providers and secure the activities of public health protection bodies for the duration of the state of emergency in connection with the occurrence of the COVID-19 epidemic on the territory of the Czech Republic, the following groups of students are required to work:
   - fifth- and sixth year full-time students on general medicine degree programmes at the medical faculties of publicly-funded universities;
   - final years of day or full-time degree programmes or subjects providing preparation for the following professions:
     • general nurses in bachelor’s degree programmes providing preparation for general nursing or in the field of general nursing with a diploma at vocational colleges,
     • paediatric nurses in bachelor’s degree programmes providing preparation for general nursing or in the field of paediatric nursing with a diploma at vocational colleges,
     • emergency workers in bachelor’s degree programmes providing preparation for emergency workers or in the field of emergency worker with a diploma at vocational colleges,
• assistant for the protection and support of public health in the bachelor’s study programme for the preparation of assistants for the protection and support of public health
• practical nurses in the field of practical nursing and healthcare assistant in secondary education.

2. the Ministry of Health is required to inform, using the prescribed methodology, persons listed in point 4 as part of the process to ensure the provision of care under point 1;

3. the Ministry of Education, Youth and Sports is required to provide the Ministry of Health and persons listed in point 4 with all required cooperation;

4. all public health protection bodies, all providers of emergency healthcare and healthcare providers listed in the annex to this resolution are required to utilise the services of persons listed in point 1 on their areas of territorial responsibility, and inform the Ministry of Health of measures adopted towards this end.

**To be enacted by the:**

Minister for Health,
Minister for Education, Youth and Sport,
Directors of bodies listed in point 4.

Andrej Babiš (signed)
Prime Minister
