International ATEE Winter Conference, February 26-28, 2010 – Invitation

"First class learning, first class teaching, first class teacher education: the primacy of Early Years, Primary Education and ICT for the future of Europe"

On February 26-28, 2010 the Faculty of Education will organise the international [ATEE](#) Winter Conference "*First class learning, first class teaching, first class teacher education: the primacy of Early Years, Primary Education and ICT for the future of Europe*" focussed on the theme of Primary and Early Years and ICT.

ASSOCIATION FOR TEACHER EDUCATION IN EUROPE

The Conference is intended for teacher educators, school leaders, teachers, inspectors, educational consultants and researchers working in the field of early years and primary education, and information and communication technology in initial teacher education, professional development and ICT applications in pre-school and primary education together with other experts involved in this field, from all levels of education.
