## **Dvorky festival**

The fifth volume of the Dvorky festival is finally here! Stop by on the 11 October and take part in the largest event organised by the students of our faculty. A good music and delicious finger food will accompany you to enter the new academic year. Once again, the faculty building will change from an everyday lecture place into a festival venue full of life. Enjoy a different faculty experience!

Everyone is invited, no matter what do you study and for how long.
