## What does climate change mean for the purpose of education?

Department of Social Sciences and Philosophy invites you to the lecture **What does climate change mean for the purpose of education?** The lecture will be held by **Dr Peter Sutoris** (Sustainability Research Institute, University of Leeds, United Kingdom). You can come and listen to it on **3 March 2025 at 5.00 PM in room R208**. Annotation: At a time of accelerating climate change, many are turning towards education as part of the solution. But isn't education partly responsible for environmental decay? And how might it help humanity navigate this moment?
