
Sirkku Kupiainen: Dark clouds on the sky of Finnish comprehensive education?

Sirkku Kupiainen: Dark clouds on the sky of Finnish comprehensive education? Declining learning outcomes, increasing between-school and between-class differences, increasing teacher dissatisfaction

The staff of the Institute for Research and Development in Education sincerely invite you to a lecture by Finnish researcher Sirkku Kupiainen, which will take place on April 8 at 1.30 PM in the room M209. In her lecture Dark clouds on the sky of Finnish comprehensive education?, she will present a picture of the current state of Finnish primary and secondary education in the light of recent international and national researches showing that Finnish pupils' performance is deteriorating.
