
A Day with School Psychology 2025

A Day with School Psychology 2025

The Department of Psychology at the Faculty of Education, Charles University in cooperation with the Czech-Moravian Psychological Society cordially invite you to the conference **A Day with School Psychology 2025**.

Date: June 23, 2025

Time: 9:30 AM – 4:00 PM

Venue: Faculty of Education, Charles University, Myslíkova 7, Prague 1

Conference Topic: “School – Personal Development of Pupils as a Prerequisite for Education?”

Our premise is that current issues in schools – such as student’s mental health problems, aggression among students and against teachers, expressions of racism, student diversity, and the emphasis on their wellbeing – raise new questions about the role and office of school psychologists and their training, professional preparedness, and collaboration with the teachers. We welcome contributions that focus on supporting personal development in schools, centralize on working with students’ mental health, as well as promote the cooperation with teachers and other professional and counselling organizations.

Conference Scientific Team: prof. PhDr. Stanislav Štech, CSc., doc. PhDr. PaedDr. Anna Kucharská, Ph.D., doc. PhDr. Irena Smetáčková, Ph.D., PhDr. Hana Sotáková, Ph.D.

Registration form is [here](#) . Deadline for registration: June 10, 2025. **The conference is FREE for all registered participants.**
