Global Forum on Higher Education 2025

Our faculty is proud to actively participate in the organization and host part of the significant international conference, **the Global Forum on Higher Education 2025**, which takes place on June 3-4, 2025.

The main theme of this year's edition is the Renewal of the Democratic and Civic Mission of Higher Education, with a focus on strengthening higher education's role in combatting threats to democracy during a time of increasing polarization and global challenges. The forum is held under the auspices of the Council of Europe and the Ministry of Education, Youth and Sports of the Czech Republic, and represents a key international gathering of experts, academics, and policymakers.

For the Czech Republic, this event is not only a recognition of its role in the European educational area, but also an opportunity to actively shape the future of universities as institutions that support an open, free, and responsible society.
