

Buddy

GUIDE

2021/2022

CHARLES
UNIVERSITY

Who Is a Buddy?

At Charles University, a “buddy” is a student who volunteers to be a guide and friend for an international student. They help them with orientation in the new surroundings, organisation of essential formalities, or they accompany them throughout the start of their studies and to the public authorities. Guidance to the student and city life and support in everyday issues are also one of the primary responsibilities.

IN EXCHANGE, OUR “BUDDY” WILL HAVE THE OPPORTUNITY TO IMPROVE FOREIGN LANGUAGE SKILLS, MEET NEW PEOPLE AND GET TO KNOW NEW CULTURES, AS WELL AS THE INVALUABLE EXPERIENCE OF SEEING CZECH LIFE FROM AN OUTSIDER’S PERSPECTIVE.

How to Start

Register to Broaddy (broaddy.com) and get access to the database of international students. To protect students' privacy we do not list their names. However, you can search by nationality, gender, hobbies and other available information.

Once you choose a student, he/she will be automatically informed. If required, you can discuss changes and modifications with the coordinator of the Buddy programme.

If you think you have enough time and you can physically manage it, you can choose several international students. However, if it's your first time as a buddy, it's definitely better to start with just one or two.

You can also join the Buddy programme CUNI Facebook group (bit.ly/buddycuni), throughout which you can keep in touch with other buddies and exchange experiences, help each other, get up-to-date information about events organised by student clubs, including options for getting directly involved.

Before Arrival

(what to watch out for)

Contact your student as early as possible, tell them a bit about yourself, and mainly find out about their arrival (date, time etc.) and their choice of accommodation (dormitory, private).

Accommodation

The most important thing to do before an international student's arrival is to find out whether they have arranged accommodation and, if they have applied to stay in CU dormitories, they have received an accommodation voucher by e-mail, which they must have if they are to be accommodated in a dormitory.

Documents

You should also check in advance that your student has health insurance and other essential documents.

D-Day

If you can meet your student when they arrive, they'll definitely appreciate it!

If, for some good reason, you are unable to meet them immediately after arrival and at the start of their stay, please inform the coordinator of the Buddy programme in time. Other buddies may also be able to help out through the FB group.

TIP:

Practical information for international students can be found in the **Guide for International Students** which is available on the **CU website at cuni.cz/UKEN-633.html**. It contains all the important steps that international students must take before starting their studies at CU.

TIP:

Try to make sure that your student has at least a small amount of cash in Czech crowns on the day of their arrival for minor expenses and a weekly/monthly travel pass (can be bought at the airport). It's also good to show them how to get from the place they live to their faculty, where they register for the study, where and how they can go shopping in the area, where is the student canteen, etc.

After Arrival

(what they'll need help with)

Accommodation

- If your student has requested accommodation at a dormitory, remind him/her that, as soon as they arrive, they'll need **1)** money to pay for the dormitory and bills (payment for the remainder of month + deposit), **2)** accommodation voucher, and **3)** several passport photos for their dormitory ID card and other documents. The student must then pay the next month (approx. 3,500 CZK) **by the 20th day of the calendar month.** The current pricelist of dormitories can be found on the CU Dormitories and Refectories website at kam.cuni.cz/KAMEN-31.html.
- If the student doesn't arrive until after 20 September, they'll pay all of these fees at once.
- The same conditions apply to the summer semester; all fees must be paid by 31 January.
- The receptions at dormitories are open round the clock, so that students can arrive at any time of day. Formalities concerning accommodation must then be dealt with at the Accommodation Office (during weekdays and office hours only) – kam.cuni.cz/KAMEN-29.html

Catering

Students can dine in any of the CU student canteens, where they benefit from low prices and convenient locations in faculty or dormitory buildings. In addition to the canteens, a list of which can be found at kam.cuni.cz/KAMEN-70.html, there are many other catering facilities, such as dispensary points, buffets and cafés. Canteens offer the option of ordering food online, with a choice of several main courses (including vegetarian), short orders, salads and desserts. Average student prices for the main course at CU canteens vary from 67–75 CZK.

TIP:

It's still not entirely common for staff at dormitories (reception staff etc.) to speak English. Therefore it is better to accompany the student to the dormitory yourself and, if required, help out with translation so that registration goes as smoothly as possible. Selected dormitories also offer the services of housing assistants.

Enrolment – registration at the faculty

- Enrolment for study at all faculties takes place in September (winter semester) and February (summer semester). Your student must enrol at their faculty during the set dates to start their studies at CU. It's a good idea to check in advance that they've received all the necessary information about registration by e-mail from their faculty and whether they have all the documents with them.
- In September/February the majority of faculties at CU organise an Orientation Week (or at least Orientation Days) for their international students, at which new students can find out important information about how the faculty works, about the organisation and structure of their studies, events during the academic year, and other practical information they may need during their stay. These events are often coordinated with student associations.
- The university also organises a Welcome Day for International Degree Students for self-paying students.
- ESN CU (Erasmus Student Network) organises a Welcome Week for exchange students, at which they have the opportunity to get to know each other, go on a trip outside Prague etc.
- The goal of all these events is to help international students with getting to know the new environment, to find out what are the study obligations, to share tips for leisure activities and to meet other students.

Student card – ISIC

- The student card is used for entry to university buildings (dormitories, canteens, libraries etc.) for the entire period for which the student is registered to study at CU.
- Students can choose between a classic student card, which is free of charge, and an ISIC card, which allows them to claim a number of discounts (plane tickets, car hire, public transport, accommodation, restaurants, selected shops, museums, etc.). An annual licence for ISIC card costs 230 CZK.
- To get a student card you need an ID card.

ISIC cards are available in the following Card Service Centres:

- CU Point (Celetná 13)
- Faculty of Mathematics and Physics (Ke Karlovu 3)
- Faculty of Law (Nám. Curieových 7)
- Study Dept. of Faculty of Medicine in Pilsen (Husova 3)
- Faculty of Medicine in Hradec Králové (Na Kotli 1147)

More information:

cuni.cz/UKEN-135.html

Foreign police

- All international students at CU must, following their arrival, register at the Foreign Police (Ministry of the Interior, Department of Asylum and Migration Policy – DAMP MI).
- Students from EU countries (including Schengen and EFTA) who are staying in students dormitories are registered by their dormitory, as they are required to do by law (however, students should check that they really have been registered).
- Students from EU countries (including Schengen and EFTA) who are not staying in students dormitories must visit DAMP – **address Olšanská 2, 130 51 Praha 3** – to register within 30 days of their arrival.
- Students from non-EU countries must register with the Foreign Police within 3 days of their arrival. If they are staying at a dormitory, then they should also be automatically registered by the dormitory. Again, students should check that this actually happens and, should the dormitory refuse to do this for any reason, you should accompany the student to DAMP in person within 3 days of the student's arrival.
- Third-country nationals who are not staying at dormitories must register at the Foreign Police – **address Hládkov 682/9, Praha 6 – Střešovice**, within 3 days of arrival.

TIP:

Before the visit to the Foreign Police, check the Ministry of the Interior for the up-to-date information. Make sure that your student has all the necessary documents, and make back-up copies. Health insurance is particularly important (see separate chapter).

Appointments must be booked in advance at **+420 974 820 680** and, due to the fact that all communication is conducted in Czech, the student will definitely require an assistance.

- It's handy to know that students from EU and EFTA countries don't need a visa to study in the Czech Republic. If they plan to stay in the Czech Republic for longer than 3 months, they can apply for temporary residence.
- Students from non-EU and non-EFTA countries (known as third countries) must have a valid visa or residency permit in order to study in the Czech Republic. They must obtain these documents before their arrival in the Czech Republic from the Czech embassy in their home country or region. The application procedure for a visa or residency permit lasts approx. 60 days.

Health insurance and healthcare services

- Students from EU countries should obtain a European Health Insurance Card (EHIC) in their home country before their stay in the Czech Republic.
- Citizens of EU countries who are temporary residents in the Czech Republic are entitled to free essential, emergency healthcare.
- Healthcare services covered by EHIC can be claimed only from healthcare institutions (doctor, hospital) that have a contract with the public health insurance system. If no European Health Insurance Card is presented, doctors are entitled to request payment in cash for services provided.
- A referral from a GP is always required for specialist examinations.
- Hospitalisation is also based on a referral from a GP or a specific specialist. Emergency admission to hospital is free of charge and paid for by the insurance company. However, even in this case, health insurance must be presented.
- Non-EU students need to prove that they have a valid health insurance. It is therefore important to check that the student's health insurance includes the Czech Republic and also covers special costs such as emergency examinations, hospitalisation, repatriation etc.

- In Pilsen, Prague and Hradec Králové there are also a number of private clinics specialising in foreign (English-speaking) patients. However, it should be taken into account that these clinics often charge high prices.

Further information at
cuni.cz/UKEN-366.html

- In all big towns, there is also a large network of pharmacies, many of which are open round the clock. Bear in mind that many pharmacies dispense not only prescription drugs, but also sell other nonprescription drugs and health supplements. Prescriptions are usually valid for 14 days, but it may be shorter for specialist medication (opiates, antibiotics).

Counselling services at CU

If your student gets into a situation where a friendly chat over a coffee isn't enough and they need expert assistance, they can contact specialised centres according to the type of problem. Many advisory centres operate at CU – psychological, social, and legal and they all offer counselling in English.

TIP:

It is always important to request assistance in time and not underestimate any problems. You must bear in mind that your student is in a strange environment and may be experiencing difficulties with their studies or lack of success, separation from their loved ones or cultural differences more intensely than it may seem at first glance.

Facts about CU

From history... to the present

- Founded on 7 April, 1348 by King of Bohemia and Holy Roman Emperor Charles IV. One of the oldest universities in Central Europe. At the time of its founding it had four faculties, and now has 17. The newest faculty is the Faculty of Humanities, which was founded in 2000. Charles University is the largest university in the Czech Republic and one of the few in the country that is regularly ranked in the top 1–2 % of universities worldwide in prestigious ranking lists. Charles University is associated with prominent personalities such as Jan Hus, Bernard Bolzano, Jan Jesenius, Jan Evangelista Purkyně, Albert Einstein, Franz Kafka, T. G. Masaryk, Jaroslav Heyrovský and many more. CU currently has 48,000 students, approx. 9,000 of whom are international students. It has contracts and agreements with prestigious universities from all over the world.
- The University is led by the **Rector**, who is elected by the Academic Senate of the University and appointed by the President of the Czech Republic. The Rector's term in office is four years, and he/she can be elected for a maximum of two consecutive terms.
- A further university body is the **Academic Senate**. This autonomous body approves the University's budget and important documents and regulations. Its membership

comprises students and representatives of the University's academic community.

- Other important bodies include the **University's Research Board, Board of Trustees and Internal Evaluation Board**. The University's budget is monitored by the **Bursar**.
- Every faculty is headed by a **Dean**, who is elected by the faculty senate and appointed by the Rector.

Further Tips and Information

Currency

To find out about exchange rates we recommend following the exchange rate list of the **Czech National Bank** at cnb.cz/en.

Warn your student that many change bureaux (particularly in Prague city centre) either charge high fees or offer poor exchange rates, so they should compare them. The more reliable ones include e.g. Safir Crystal, Celetná 19/594 or Exchange, Kaprova 14/13 at Prague 1.

Transport

Public Transport in Prague – PID

Prague has a dense, very easy-to-use public transport network, so it's definitely worth explaining to your students how it works (buses, trams, funicular, metro lines, interchange, metro operating hours – 05:00–24.00, night lines etc.), types of ticket and fares (basic single = 30 CZK, 90 mins. = 40 CZK, 1 day = 120 CZK, 3 days = 330 CZK, SMS tickets), student discounts (up to 26 years: 1 month = 130 CZK, 3 months = 360 CZK, 365 days = 1,280 CZK), what to watch out for (ticket checks) etc.

Further information at dpp.cz/en

Public transport in Pilsen

Prague – Pilsen connection:

- Train: Praha hlavní nádraží – Plzeň hlavní nádraží (several times per day, expresses, EC trains), approx. 90–135 mins. According to train type
- Bus: from Praha Florenc (metro B, C) or Praha Zličín (metro B) – approx. 90 mins.

Approximate ticket prices – 30 mins. = 18 CZK, 60 mins. = 22 CZK, 180 mins. = 38 CZK, 1 day = 66 CZK.

Further information at pmdp.eu

Public transport in Hradec Králové

Prague – Hradec Králové connection:

- Train: Praha hlavní nádraží or Praha Holešovice – Hradec Králové (city centre, opposite Hotel Amber), several trains per day
- Bus: Praha Florenc (metro B, C) or Praha Černý Most (metro B) – Hradec Králové (city centre, opposite Hotel Amber), journey time approx. 90 mins.

Public transport in Hradec Králové includes buses and trolleybuses, which cover most of the city. Basic fare 14–20 CZK, 7 days = 90 CZK, 1 month = 230 CZK, 3 months = 600 CZK, 6 months = 980 CZK, electronic City Card also available.

What is there to see?

What to see in Prague

There is quite a lot to see in Prague. You can start with Prague Castle, Charles Bridge and other popular sights, but in general, it's best to experience tourist spots in small doses. In any case, your student will be spending a whole semester, or even longer, at the University. So you don't have to cram all the essential sights into a weekend. You can start with their interests – whether it's history, architecture, sport, the applied arts, nature, music, food, or show them what you like in the city. That's the best way for international students to absorb the atmosphere. It's essential to not swamp them with information right at the start, but provide space to discover the city for themselves.

A few tips for walks (with good pubs and cafés along the route):

Letná, Stromovka, Vyšehrad, Divoká Šárka, Petřín, Náplavka, obora Hvězda...

Things to do when it's raining...

Travelling in the Czech Republic

Students under the age of 26 can enjoy fare discounts throughout the Czech Republic (75 % of the full price). You can travel by train and bus. So why not make the most of it and take a step out of Prague (Prague, Hradec Králové)? In Czechia, you can visit the beautiful countryside and national parks (Giant Mountains, Šumava), protected landscape areas (e.g. Czech Paradise), a large number of castles and chateaux, and historic and architectural monuments, so there's plenty to choose from!

SO HERE ARE A FEW TRIED-AND-TESTED TIPS TO START OFF WITH

Close to Prague you can visit classic tourist attractions such as castles [Karlštejn](http://hrad-karlstejn.cz/en) (hrad-karlstejn.cz/en), [Konopiště](http://zamek-konopiste.cz/en) (zamek-konopiste.cz/en), and city [Kutná Hora](http://kutna-hora.cz) with the legendary ossuary in [Sedlec](http://sedlec.info/en) (kutnahora.cz, sedlec.info/en). Or go on an excursion into the countryside – e.g. to the park at [Průhonice Chateau](http://pruhonicky-park.cz/en) (particularly in spring and autumn – pruhonicky-park.cz/en), to [Svatý Jan pod Skalou](http://svaty-jan-pod-skalou.cz) ([svatyjan.cz](http://svaty-jan-pod-skalou.cz)), [Amerika Quarry](http://amerika-quarry.cz) (hrad-karlstejn.cz/cs/tipy-na-vylet/14245-lom-velka-amerika), [Koněprusy caves](http://jeskyne.cesky-kras.cz/english) (jeskyne.cesky-kras.cz/english), and [Točnick](http://hrad-tocnik.cz/en) and [Žebrák castles](http://hrad-zebrak.cz/en) (hrad-tocnik.cz/en, hrad-zebrak.cz/en); etc.

In Pilsen you can visit, for example, [Kozel chateau](http://zamek-kozel.cz/en) (zamek-kozel.cz/en), follow the educational hiking trail [In the steps of the Slavic gods](http://infocesko.cz/content/plzensko-turistika-naucne-stezky-naucna-stezka-cesta-slovanskych-bohu.aspx) (infocesko.cz/content/plzensko-turistika-naucne-stezky-naucna-stezka-cesta-slovanskych-bohu.aspx) or go on an excursion to [Rabí castle](http://hrad-rabi.eu/en) (hrad-rabi.eu/en).

Slightly longer excursions in Bohemia include [Czech Switzerland](http://ceskesvycarsko.cz/en) (ceskesvycarsko.cz/en), do [Český Krumlov](http://ckrumlov.info/en/cesky-krumlov) (ckrumlov.info/en/cesky-krumlov), or [Karlovy Vary](http://karlovyvary.cz/en) (stay in summer for the famous [film festival](http://kviff.com/en/homepage/) karlovyvary.cz/en; kviff.com/en/homepage/, which could be a fascinating experience for an international student).

Trips from Hradec Králové include [Babiččino údolí](http://ratiborice-babiccinaudoli.cz) (ratiborice-babiccinaudoli.cz), [Hrádek u Nechanic](http://zamek-hradekunechanic.cz/en) (zamek-hradekunechanic.cz/en), or [Hospital Kuks](http://hospital-kuks.cz/en) (hospital-kuks.cz/en), where you can also visit the Czech Pharmaceutical Museum.

Unexpected Events

If an unexpected event occurs (natural disaster, general threat, pandemic, etc.), it is essential not to panic. Up-to-date information for students is always available on the university's or faculty's website (also in English). At the same time, it is good to follow the website of the Ministry of the Interior or the Ministry of Foreign Affairs and the Ministry of Health. In addition, the embassy (of the specific country from which your student comes from) will also assist. A good source of information can also be, for example, the portal of the Expat Center Prague (expat.praha.eu) or the portal expats.cz.
